

The cover is decorated with several stylized bubble icons. Each bubble is a black circle containing a colored crescent shape (representing a bubble's reflection) and a small colored dot (representing a bubble's stem). The colors used for the bubbles include yellow, pink, light blue, dark blue, orange, red, and green. These bubbles are scattered around the central text, with some appearing to interact with the letters, such as a small red bubble touching the top of the first 'B' in 'BO' and a small light blue bubble touching the bottom of the 'A' in 'BA'.
